DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Oklahoma

THAT newspaper advertising is the gateway to better business. It is the demand it creates that makes advertising pay. Successful business concerns realize the value of advertising and use it persistently.

Many business concerns operate their business at a loss during certain times of the year. It would not be necessary for them to do so if they advertised all the while instead of once in a while.

The most forcible way to secure business is through the printed page. It is the greatest trade builder in existence.

Advertising holds old trade, attracts new trade, and increases sales.

Now is the time for every business to advertise and increase their business.

Every day persistent advertisers are learning to serve the public better, and by so doing they are increasing profits.

No business can get by unless it advertises the best in service and quality.

WITH SOME CONCERNS BUSINESS IS STILL ASLEEP. IT WILL STAY THAT WAY WITH THEM UNTIL THEY WAKE IT UP BY ADVERTISING.

LET THE ANVIL HERALD ADVERTISING COLUMNS BE THE ALARM CLOCK TO WAKE UP YOUR BUSINESS

THE LIGHTS WILL CONTINUE TO SHINE.

Hondo's annual budget for financing the street lights, the night-watchman, the rest-room, etc. is being raised in the usual manner—a volunteer subscription by citizens and property owners of the town.

At the mass-meeting held at the Chamber of Commerce hall last Monday night, the meeting was called to order by the President of the Chamber of Commerce, Felix Batot, who stated the purpose of the meeting.

Treasurer J. M. Finger made a report of the condition of the funds, and showed the same to be short of the year's needs something over a hundred dollars.

A more or less informal discussion, in which quite a number participated, followed in which the question of what to do about the matter for the coming year was argued from various standpoints.

It was the judgment of some that the present system should be abandoned and an effort made to incorporate the town. It looked for a while as if this policy would prevail, but when it was pointed out by Judge Noonan that if incorporation should carry it would be a year before any tax funds would be available for use, the matter of incorporation was informally dropped and it was decided to raise the budget in the old way.

Judge R. J. Noonan, Pete Jungman, Roland Gaines and Fletcher Davis were appointed a committee to circulate the subscription list. Most of those present at the meeting as well as those seen since have renewed their subscription while some have increased theirs and others not on the list last year have come in with liberal amounts.

In this connection, if the committee misses you do not miss the committee. See them and "kick in" for what you feel the service is worth to you as a citizen of the town. Judge Noonan has the list at present.

Judge H. E. Haass, Emil Britsch and S. A. Jungman were appointed as a committee to inspect the tax rolls and report the taxpayers and their property valuations at a subsequent meeting.

After fixing the third Wednesday night, January 15, as the date for the next meeting, at which the election of Directors will be held, and the committee report, the meeting adjourned.

TO MEMBERS PEOPLE'S BENEVOLENT ASSOCIATION.

You are hereby called to attend an important meeting of the Association at the Chamber of Commerce Hall Saturday, January 11, 1930.

L. F. FASELER,
Secretary.

THURSDAY BRIDGE CLUB ENTERTAINED WITH DINNER PARTY.

The ladies of the Thursday Bridge Club were entertained by their husbands with a dinner-party at the Armstrong Hotel New Year's Night. The following menu for dinner was served.

Fruit Cocktail
Stuffed Tomato Salad
Buttered Asparagus
Creamed chicken
Creamed peras Potato chips
Curled celery
Cranberry sauce
Frozen pudding Coffee

After several games of bridge Mrs. Dr. Meyer won high score, a strand of beads; Mrs. Ralph Noonan won second prize, toilet water; Dr. T. B. Knopp won high men's prize, a pair of gold cuff links; Dr. H. J. Meyer won second, a clothes brush.

Those present were Dr. and Mrs. H. J. Meyer, Dr. and Mrs. T. B. Knopp, Dr. and Mrs. W. Smith, Judge and Mrs. Ralph Noonan, Judge and Mrs. Louis J. Brucks, Mr. and Mrs. John Finger, Mr. and Mrs. O. H. Miller, Mr. and Mrs. Earl Starnes, Mr. and Mrs. Robert Decker, Mr. and Mrs. Horace Bradley, Misses Lillian Brucks and Lucile de Montel.

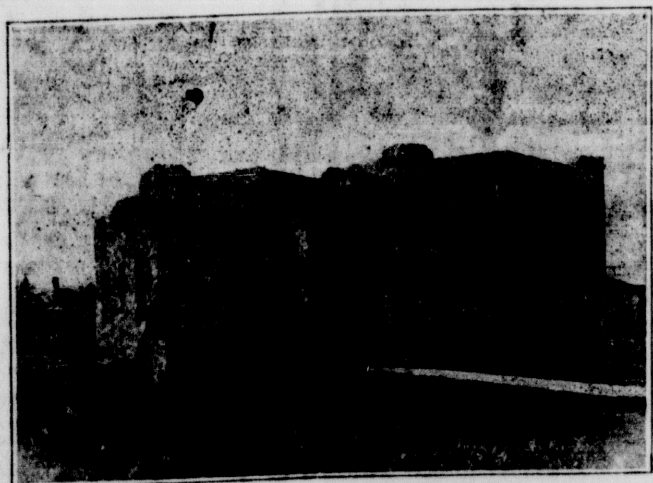

NEW YEAR WAKE PARTY.

Miss Margaret Dillon celebrated her birthday on Tuesday, December 31, with a New Year wake party at her home. The rooms were attractively decorated with red and green paper and the parlor was resplendent with a large decorated Christmas tree. The time until the New Year arrived was spent in playing games and listening to the radio. The New Year was ushered in with fireworks of all kinds after which the guests returned to the house where delicious refreshments, consisting of hot chocolate and light and dark cake, were served to Misses Dwyce Cameron, Lucy Davis, Mary Lois Barnes, Thelma Wilson, Ruby Neuman, Jane Eldridge and Gladys Fusselman and Messrs. August Finger, Durward Stanley, Russel Speece, Fritz Leinweber, Harold Stiegler, Don Windrow, George Isaac Wilson, Edward Armstrong, Glenn Jones, Jack Mask and the hostess, Miss Dillon.

TEXAS AND TEXANS.

Texas Federal Building

The Federal Government will spend about \$365,000,000 in erecting and enlarging public buildings in 1930. In the erection of postoffice buildings cities and towns that have already secured sites will likely be given preference. The Texas towns expected to benefit under the 1930 allocation include Borger, Jacksonville, Lufkin, Ranger, rampa, Ballinger, Childress, LaGrange, Wharton, El Campo, Hallettsville, College Station, Colorado, Eastland, Edinburg, Electra, Graham, Kerrville, Kingsville, Lamesa, McCamey, Midland, Mercedes, Nocona, Quanah, Stephenville, Uvalde and Alanta. An effort will be made to provide receipts of \$20,000 and up, for which provision has not already been made.

Utility Extensions

The utility companies operating in Texas announce that they will spend approximately \$70,000,000 in the State within the next year in the enlargement of their service. This announcement was made on reports from some 20 of the leading companies and does not include any publicly owned utilities. The prosperity of Texas, as compared with most of the other States, makes extension of utility service a profitable investment for capital. The railroads will perhaps do more building in Texas than in any of the other States, if only they are not hampered by the restrictions of the Interstate Commerce Commission.

Citrus Shipments Grow

The Rio Grande Valley will ship approximately 5,000 cars or 1,750,000 crates of citrus fruits before the end of the season. Under the law requiring inspection to prevent the shipment of green fruit, 900,000 certificates of maturity for shipment were issued prior to December 15, when the season in which certificates are required closed. Every year the citrus fruit orchards of the Valley yield greater returns and Texas becomes more noted for its fine fruits.

Planning For The Year

Most of the Chambers of Commerce have arranged definite plans of work for the next year, having laid out the things they expect to accomplish, rather than undertake work at haphazard as it may appear important. Since they first begun more systematic efforts the results have been far better than they were under the old hit-or-miss system. Brownwood, for instance, has 12 planks in the platform of its chamber of commerce for 1930. One of these is "an all weather, all the way" highway through Brownwood from Fort Worth to Del Rio. Another is the extension of the Frisco railroad from Brady to Del Rio. Just think of the help Brownwood is going to get on those two planks from the many towns along the routes.

Students Make Farm Profits

Thirty-five vocational students in the high school at Silverton have made in the 1928-29 school term profits totaling \$7,059.58 from 64 complete farm projects. Each boy has kept accurate records of his work, including costs, expenses, time applied and market values, to file with the State Department of Education at Austin. The profits are four times the departmental cost of training the boys.

The students have not spent the money, but have invested most of it in hogs, poultry, dairy animals and farm equipment. Most of the boys have checking accounts with the bank. They are getting an education that is worth to them and the State for more than its costs.

Busy Political Year

The legislature will meet some time about the middle of January, and much will be done besides legislation. The important matters likely to be presented by the Governor are, prison relocation and building, regulation of public utilities, correct-

ANNUAL CHRISTMAS PARTY GIVEN BY THURSDAY BRIDGE CLUB.

The Thursday Bridge Club entertained their husbands at their annual Christmas Party given at the home of Dr. and Mrs. O. B. Taylor.

A delicious supper consisting of Turkey and dressing, stuffed apple salad, creamed peas, cured celery, hot rolls and coffee, followed by red and green brick ice cream topped with red and green cherries and angel food cake was served immediately.

After several games of bridge Mrs. H. J. Meyer won high score and was presented with a bridge lamp; Mrs. O. B. Taylor won second, linen handkerchiefs. Dr. H. J. Meyer won high score for men and was presented with a bill-fold.

Those present were: Dr. and Mrs. O. B. Taylor, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. T. B. Knopp, Dr. and Mrs. W. H. Smith, Judge and Mrs. Louis J. Brucks, Judge and Mrs.

ing confederate pension laws, limiting fees to county and district officers, and perhaps submission of the state road bond issue. Equally as such, if not more study will be given to candidacies for office, and with some legislators other things will be made subservient to politics. Unfortunately it seems impossible to separate legislation and politics and to keep the interests of the State above those of self-seeking politicians.

Texas Oil Output

Despite all efforts at curtailment, Texas oil production continues to increase. The output in the State for the first eleven months of this year was 275,016,000 barrels as against 235,234,000 barrels for the same period last year. Texas, California and Oklahoma have produced slightly in excess of 84 per cent of the Nation's crude oil during the year.

Grabbing at Everything

One of the largest of the mail-houses has bought a cold storage warehouse order-cum-store department houses at Abilene and has been buying and dressing turkeys for the Christmas trade. It is reported that the same company has under way plans for a complete poultry and egg plant to start operation in the Spring. The company explains that it is doing this to utilize surplus warehouse space, but one wonders why all the surplus space, and why by buying more?

Kerrville Shipping Grows

Nothing better indicates the increase of a town's business than its shipments to other points. Measured by this standard Kerrville is doing well. Railroad shipments of live stock, wool, mohair and other Kerr county products had reached 548 cars on December 20, or practically 100 cars more than at the same time last year. The largest increase was in cedar posts. In a number of products, however, shipments have fallen off, especially in grain and pecans.

Texas Turkey Crop

The latest estimates are that Texas produced in 1929 approximately 1,800 cars of turkeys or about 550 more than last season. The total receipts for the 1929 crop have been around \$8,000,000. Last year they were about \$8,000,000. It has just been a case of "too much of a good thing."

Leaves Farmer Guessing

When prices tumble, as with the turkey crop, the farmer is left guessing just what he can do to make a living. He can figure neither on the amount of a given thing he can produce, nor on the price he is likely to obtain for what he produces. And yet, farming must be carried on, although it has become the most uncertain of all the industries. The farmer is not afraid of work; his fear is that he may not get enough for his labor to maintain himself and his family. The farm problem is the greatest economic problem confronting the world, the one hardest of all to solve.

Increasing Egg Production

From the prices being paid for eggs it seems that the easiest way for farmers to make money is to raise winter-laying strains of hens. But if the hens should all decide to be liberal with their eggs in the winter, prices would get so low the hens would not pay for their feed, whereas in summer many of them rustle for their own feed.

Jock Shelton, who manages the Luling Farm Foundation, says that by turning on the lights in his poultry houses at 5 o'clock in the morning he has increased egg production 50 per cent—just by fooling the hens into getting to their work early, and without increasing their food to any extent. A poultry grower at Seagraves says she has increased egg production with her flock about 300 per cent by feeding skim milk and a scratch ration of corn and milo. If Shelton will only keep the lights burning all night and feed the Seagraves ration—oh, well, figure it out yourself.

Ralph Noonan, Mr. and Mrs. O. H. Miller, Mr. and Mrs. Earl Starnes, Mr. and Mrs. Robert Decker, Mr. and Mrs. John Finger, Mr. and Mrs. Horace Bradley and Mr. and Mrs. Elmer Leinweber.

TWO BURGLARIES IN TOWN.

While the family was away at church Sunday night, burglars entered the home of Emil Heyen and carried away a quantity of clothing and other articles.

Some time Monday night an entrance was forced into L. W. Grell's Grocery Store by way of a back window. The miscreants evidently meant to blow the safe but were frightened away before accomplishing their purpose as only a few articles had been molested and the cash register was untouched.

So far as we know no clue was left by any of the miscreants and no arrests have been made.

NEW WAYS TO COOK CARROTS

By CAROLINE B. KING
Culinary Expert and Lecturer on Domestic Sciences.

LACK of sufficient vitamins in the diet is one of the commonest causes of poor health and susceptibility to disease. But although most of us know this, it is sometimes difficult to induce the family to eat just those vegetables which are of particular value because of their high vitamin content. Frequently, the difficulty is due to the way the vegetables are cooked. We've been cooking some of them in the same old way for so many years that we have grown tired of their inevitable sameness.

Carrots have the highest vitamin content of all of the root vegetables, yet the carrot is one of the vegetables that has suffered most from the fact that it is almost invariably cooked in one of a few standard ways. It has suffered undeservedly, for there are all sorts of ways in which carrots can be prepared so as to give them the added zest of novelty. A special tip to remember when you are boiling carrots, is to put about a tablespoon of sugar in the water. The sugar both adds to their food value and brings out their flavor.

Carrot Loaf will help you to impress the family with your skill and ingenuity in the culinary art. It's easy to prepare, too. Scrape the carrots and boil in sweetened water until tender. Mash and to a pint of the pulp add two well-beaten eggs, a half teaspoon of salt, a quarter teaspoon of pepper, two tablespoons of sugar, and a quarter cup of cream. Pour into a well-buttered mold. Stand this in a pan of hot water, and bake in a moderate oven until firm. Turn out on a hot platter and surround with peas, or serve with a white sauce.

Glazed Carrots With Mint—In just enough water to prevent burning, cook three cups of sliced carrots until tender. Not more than one-fourth cup of water should remain at the end of the cooking.

main at the end of the cooking. Season with three tablespoons butter, three tablespoons sugar, salt and a dash of nutmeg. Cook about three minutes. Sprinkle with one tablespoon finely minced mint leaves and serve immediately.

Candied Carrots—Cook carrots until partly tender in boiling water to which a tablespoonful of sugar has been added. If carrots are large cut in three slices; small carrots, cut in half. Then place in a baking dish and sprinkle the carrots with salt, pepper and granulated sugar. Dot generously with butter. Bake until nicely browned.

Carrot Chips—Scrape the carrots and cut them in thin slices, allowing one pound of sugar to each pound of carrots; also half a cup of lemon juice. Place the sliced carrots in layers in a preserving kettle, sprinkling each layer with the sugar. Pour the lemon juice over all and let marinate for twenty-four hours. Then add water to cover and a few pieces of green ginger root, scraped and cut in thin slices. Simmer the carrot slices until they are tender, then set aside to cool. After four days drain the syrup from the carrots and cook it slowly till very thick. Place the carrots in jars, pour the hot syrup over them and seal when cool.

SPARROWS.

Yesterday summer wrapped in gold and mauve,
With sandals bronze-tipped, silently stole away.
She bade all the birds to follow, and all the flowers too;
Also the shrubs and vines and bright-winged butterflies;
But the sparrows did not heed her siren call.
Today they flock outside my window in a tree,
As if to take the place of leaves and blossoms;
They dance, twitter, and tremble on the branches bare;
They try to be friendly, and remind me of it:
All day they chatter and chirp, thru sunshine or sleet.
In their insistent way they tell me that they are here,
And are here to stay the dreary winter thru.

Like shadows of days passed on, the sparrows came
And settled down on every thing.

THEIR FRIEND.

Those boyhood years between the ages of ten and twenty are the impressive years—the formative years when the fundamental character of a boy is molded into the pattern it will maintain throughout the remainder of his life.

That is why so much importance is placed on the factors that govern the lives of adolescent boys—their companions, their environment, their reading, the food they eat, etc. At this age is determined whether the boy will develop into a cheerful or surly man, generous or selfish, intelligent or dull, ambitious or indolent.

School teachers, librarians, Scout leaders and others engaged in boy activities have found that THE AMERICAN BOY—YOUTH'S COMPANION magazine is one of the most favorable influences a boy between ten and twenty can have. Its stories and articles are a force for good—wholesome, alive, inspiring.

The million or so boys who read this magazine every month consider it their closest friend. In it they find the keenest entertainment, adventure, mystery, athletics, aviation, humor, everything that delights a live wire American boy. Its sports articles and biographical sketches aid them in selecting their life's work. Its keenly analytical editorials guide them in their daily problems.

That boy or young man in whom you are interested would have a world of pleasure reading THE AMERICAN BOY—YOUTH'S COMPANION. Subscription prices are only \$2.00 for one year or \$3.00 for three years. Your order may be turned in at the office of this newspaper or mailed direct to the publishers, THE AMERICAN BOY—YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Michigan.

ANNUAL COUNCIL MEETING FOR BOY SCOUT OFFICIALS

President E. K. Fawcett of Del Rio has called this fourth annual meeting of the Southwest Texas Council to convene at the Uvalde Court House January the 23rd at 7 p. m. Reports of the year's work will be made by the committee chair- man and the Executive, and the ob- jectives set for next Fiscal year. A report of the nominating committee will be heard, and officials of the Council will be elected.

This annual meeting will follow the "Border Way" meeting at Uvalde, which meeting uses up the day from 10 a. m. to 4 p. m. Many prominent men from over the state and the Southwest will attend. The San Antonio Chamber of Commerce officials will be represented, and that group will bring with them a troupe of entertainers.

The Uvalde merchants and busi- ness men, headed by H. Ray, will en- tertain the visitors with a real West Texas barbecue.

It is thought best to have these meetings on the same day in order to save a large number of Boy Scout officials from having to come two days. A list of the Council members will be published in an early issue of this paper. They are responsible to the National Organization for a charter to do Scout work in South- west Texas.

PORT ARTHUR MAN IS RELIEVED BY USE OF ORGATONE.

Mrs. W. Rachel Tells How Husband Suffered; Praises Orgatone (Argotane) for His Wonderful Improvement.

"Orgatone certainly has proven to us that it is a fine stomach medicine," declared Mrs. W. Rachel, of 2828 Fifteenth Street, Port Arthur, Texas. Mrs. Rachel was relating to a representative of the Orgatone company the story of her husband's five-year illness and the remarkable manner in which Orgatone had brought him relief.

Mr. Rachel, a valued employee of the Gulf Refining Company, suffered from stomach and liver trouble, loss of appetite and a tired and worn out feeling. Mrs. Rachel gave a vivid description of his suffering.

"My husband has had a bad stomach for five years," affirmed Mrs. Rachel. "Whatever he ate did him practically no good at all. His liver was just dead and his complexion was sallow. He suffered miserably from constipation and he had no appetite at all. His illness sapped his energy and he felt tired and sluggish all the time.

"There is no telling how long this would have continued if we had not heard of Orgatone and been influenced by its wonderful reputation. My husband purchased a bottle and it helped him so much that he continued the treatment, and is now on his third bottle.

"He is wonderfully improved, and his stomach is in better shape than I have known it to be for a long time. He eats heartily now and digests his food. His liver is functioning fine and he is relieved of his constipated condition. He has lots of pep and energy now, and attributes it all to Orgatone."

Genuine Orgatone (Argotane) may be obtained in Hondo at the W. H. Windrow Drug Store.

YANCEY BAPTIST SQUAD HAND BADGERS 25 TO 8 BEATING IN FAST GAME

Locals Suffer First Loss of Season After Winning Five

Failing to drive through for short shots and unable to sink their long tosses, Hondo's Baptist Badgers went down in defeat before the Yancey Baptist 25 to 8 on the local court last Saturday night. The locals failed to play as good game as they are capable or have played while meeting the fastest driving, shooting team they have played thus far this year. The game was much faster than the score indicates, the Badgers missing numerous shots. This makes the first defeat for the locals this season, having won their first five games. The Badgers made only one point in the second half, a free toss by Jones in the last quarter. In the final period, when the Badgers finally realized that they were facing defeat, they tightened up and allowed Yancey to make but one field goal.

Berry for the winners took high scoring honors with 9 points, followed by Jones of the Badgers with 7 points. The first quarter started off fast and exciting, but even with the visitors taking the lead the Badgers loafed along. Finally realizing that for the first time this year they were trailing by more than 2 points, the Badgers apparently lost their heads started shooting long, failed to follow-up shots and played careless, sloppy ball.

Bradley Bailey, filling the center position in the absence of Wright and B. C. Rucker, played about the nearest game for the locals. The entire Yancey team played fast and passed with deadly accuracy on the offence. Raymond Ward was a thorn in the side of the locals with his good defensive work.

The line-ups were:

To Identify Genuine Aspirin

THE increasing use of Bayer Aspirin every year is proof that it has no ill effects. It is the accepted antidote for pain. It always helps; it never harms. Quick relief when you've a headache, or cold; or are suffering from neuralgia or neuritis. Rheumatic pains yield, too, if you'll only give these tablets a chance. But you want genuine Aspirin, so look for the Bayer Cross on every tablet. The box always bears the name Bayer and the word genuine printed in red.

DR. MILES' Aspirin-Mint

Suffering? There's a new, pleasant, mint-flavored, tablet that relieves ordinary headache and neuralgia, muscular pains and functional pains. It's excellent for Coryza—cold in the head—and for the sore throat that often accompanies it.

Physicians have been writing prescriptions for a similar combination for years.

The Dr. Miles Medical Company has standardized this well balanced formula and is glad to offer it in the form of a stable, palatable, mint-flavored tablet for home use.

BADGERS START NEW YEAR WITH WIN; DEFEAT DEVINE HIGH WARHORSES 20 TO 10

Entire Squad of Both Teams Star In Fastest, Best Game Of Year

In a game that was thrilling and
exciting throughout, the Baptist Bad-
gers defeated Devine High School's
basketeers 20 to 10 on the local court
Thursday night. The locals won on
the second day of the new year to
start off right, and from the fine
style of playing shown will win a
majority of their games for 1930.
There were no individual players in
the game. Both squads were work-
ing together and working hard, with
the result that it was the fastest
match seen on the local court this
season.

The score was close until the clos-
ing minutes of play, when the Hondo
quintette broke loose to grab a good
lead over the Warhorses. The locals
had their defence working right and
where shifting fast to stop the "high-
passing" attack of the visitors. The
Warhorses, meeting their first defeat
after winning their first three games,
failed to score in the fourth quarter,
but both teams missed crisp shots and
chances for crisp shots.

Jones was high scorer with 7
points, closely followed by Wright and
Snooks with 6 and 5 respectively. T.
Sorrel with 4 points lead visitors.
The line-ups were:

Badgers (20)	(10) Devine
Jones (7)	(4) T. Sorrel
Pettis (2)	(2) Sadler
Wright (6)	(1) Thomas
Snooks (5)	(2) Lancaster
F. Rucker	(2) Frazier
Subs: Hondo; Smith. Devine, Til- ley (1) and Ross.	
Score by quarters:	
Badgers	5 2 4 9—20
Devine	2 3 5 0—10

CRASH VICTIM BETTER AFTER BLOOD TRANSFUSION.

Charles Bippert, 21, of 221 Mave-
rick Street, who was brought to the
Baylor Hospital shortly after mid-
night Friday morning at the point of
death, the result of loss of blood
from a severed artery above the right
knee received in an automobile acci-
dent on the Laredo highway, was re-
ported to be recovering Friday after-
noon, after a blood transfusion had
been given him.

A companion, Samuel Mott, 29, of
314 Montana Street, miraculously es-
caped injury when the automobile in
which they were riding overturned
twice on a slippery road and stopped
in the ditch on its nose. John Love
of Yancey, a friend of Bippert, hap-
pened to pass shortly after the acci-
dent and brought the injured man to
San Antonio.

Bippert and Mott were returning
from a dance at LaCoste when the
accident occurred. Bippert's home is
at Moore, but he has been living here
with his uncle, John Ahr, for some
months. His father and mother, Mr.
and Mrs. F. R. Bippert, of Moore
were at his bedside Friday afternoon.

BAPTIST BADGERS PLAY LYTLE HIGH SCHOOL HERE SATURDAY, JANUARY 4

Play Yancey Baptist Return Game Here January 11; Melville Smith Accepted as Member

Lytle High School will be the guest
of the Hondo Baptist Badgers here
Saturday, January 4, in a basketball
game called for 7:45 at the Hondo
Gym. The teams will not play a
game in the evening as was first
announced but are meeting for a
night game only. Little is known
about the Lytle outfit, but that they
were defeated by Somerset 9 to 8 in
their first game.

Yancey Baptist, the only team to
defeat the locals thus far, will re-
turn to Hondo January 11 for a
second match with the Badgers. The
teams will line-up for the tip-off at
7:45 next Saturday. The Yancey
quintette is out to repeat the dose
they gave the Badgers a few weeks
ago. While the Badgers will be fight-
ing for revenge and to give the vis-
itors a dose of their own medicine.

The following Saturday, January
18, the Badgers leave home to jour-
ney to Uvalde, where they crash with
the Uvalde High Coyotes.

Melville Smith has been accepted
as a member of the Badgers and the
organization now has a membership
of 12 players under the direction of
Rev. Albert Nelson and Henry Win-
drow. At their business meeting
Monday night, the Badgers will elect
a permanent captain. G. Jones has
been filling that position thus far.

Knippha High School cancelled their
match with the locals for January 1
because of illness of players and un-
agreeable weather. The Badgers are
still seeking games and would be
glad to here from high schools of
Bexar, Medina, Frio, Uvalde and
surrounding counties. The Badgers
play on a home and home basis and
games can be matched by addressing
Carter Snooks, Box 325, Hondo, Tex.
or phone 133.

MITCHELL-LAAKE

The first marriage to be solemniz-
ed in the National Shrine of St. An-
thony, Alamo Heights, took place on
Tuesday morning, December 31, at
7:45 o'clock, when Miss Olga Marie
Mitchell, daughter of Mrs. E. H.
Mitchell, of Katherine Court, and Leo
Laake, of Hondo, son of Mr. and Mrs.
Frank Laake, were united in the
bonds of matrimony. The Rev. P. M.
Baque officiated at the ceremony,
and was also the celebrant of the
Nuptial Mass which followed. The
bride, who entered with her brother,
Henry Mitchell, of Mission, was at-
tended by her sister, Mrs. Rudolph
Matocha, of Hondo, as matron of
honor. Rudolph Matocha was best
man.

Following the ceremony, wedding
breakfast was served at the home of
the bride's mother to the immediate
family and relatives, after which Mr.
and Mrs. Laake left on a bridal trip
to Mexico. On their return they will
make their home in Hondo.

Among the out-of-town guests at
the wedding were Mr. and Mrs.
Frank Laake; two daughters, Mr. and
Mrs. Ben Hoffmann and Mr. and
Mrs. Edward Hollmann; and one son,
Walter, of Hobson, Texas. Mr. and
Mrs. R. D. Matocha of Hondo; Mrs.
Conrad Tschoepe and family, of
Yoakum; Mr. and Mrs. Layton, also
of Yoakum; Mr. and Mrs. J. F.
Kobitz and sons, Mitchell and Henry
Kobitz, of Little Rock, Ark.; Mr. and
Mrs. Henry B. Mitchell and family,
Mission; and Mr. and Mrs. J. F. Mit-
chell and family, of Victoria.

DEVINE NEWSLETS.

From The Devine News.
BLOCKS 14,000 ACRES SOUTH-EAST OF DEVINE.

Mr. and Mrs. E. L. Maddox of San Antonio, a representative of the Texas Rock Oil Co., 1542 Milam Building, spent Christmas Day in Devine, guests of the Spivey home. He told a representative of The News that he and his associates had just closed two blocks of leases, for which they have paid cash, aggregating 14,000 acres, running parallel with each other; one from near the Ridgeway ranch in Frio and Atascosa, to near the town of Moore; and another higher up, which takes in the Driscoll and other properties nearer Devine. Their geologists figure they will find oil in the Edwards lime, around 3,000 feet; as they were working out two faults, which surface showing prove exists there running from northeast to southwest. The fact that the Cline-ple well, drilled some years ago, near Big Foot found no oil, does not cut any figure, Mr. Maddox thinks, as it did not go deep enough; and it was not generally known that the pay oil is found in the Edwards. They expect to drill several wells in 1930. Mr. Maddox says their geologists are following the fault that extends from the Luling and Darst field, through Somerset. These people have holdings elsewhere and are now drilling some wells on other cases.

Hardy Roberts is moving his rig from the Zigzag No. 1, west from town, to a location near Buda, we believe. He is using Devine men in his work.

A new location has been made for Donaldson No. 2 south of Devine, but nothing has been done, during the holidays, that we have heard of in starting No. 2.

JIM NEY KILLED IN WRECK AT TEAGUE.
